

# Cassie & Dalton Mitchell

Painting, Mixed Media and Woodworking  
Carp Lake, MI

“Art is what connected us from the beginning and art is what continues to keep us unified.” Dalton and Cassie are a married couple from the Carp Lake/Levering area. With Dalton specializing in mixed media abstract painting and woodworking and Cassie specializing in portraiture and realism, the team have found a unique way to blend the different styles into one.

“Becoming a mother was one of the most important aspects of being an artist for me. It forced me to be patient with myself and to appreciate the time spent on my art. At first it felt overwhelming, and impossible to be both a mother and an artist. For a while, after my son was born—I gave up on art completely. I packed away my paints and art supplies and focused on being a mother. It wasn’t until I had my daughter, in 2023, that my love for art resurfaced. Finding the time to paint after putting the kids down for naps or for bed can be tiring. But the satisfaction I get from finishing a painting is worth it. Art has kept me grounded to my core and individual self while raising my children. I think it’s important that Dalton and I continue to create art together, because sometimes parenting can be quite the cloudy storm—but painting and art has always been our silver lining.”

—Cassie
